

innovators in agriculture

Only the following operating systems are supported:

	1 – 3 robots	4 – 7 robots	8 or more robots
Operating system	Windows 7 Professional Edition (64 bit)	Windows 7 Professional Edition (64 bit)	Windows Server 2008 R2 (64 bit) Standard Edition

Browser

innovators in agriculture

- Microsoft Internet Explorer 8, 9 or higher or Google Chrome (latest version available).
- Other internet browsers, for example Firefox, are not supported
- **Firewall**
- Any other firewall than Windows Firewall is not supported because it can influence the performance of the T4C software and the T4C Network!
- Other firewall programs might need adjustment. Lely does not give support for this adjustment
